

West Piedmont PDC – Stakeholder Workshop 1

Workstation 5 – Existing Regional Cooperation

Workstation 5 Goals

- Become familiar with existing water purchase agreements between local governments and/or public service authorities in the region.
- Identify opportunities for future water purchase agreements or system connections in the region.
- Identify conflicts or constraints for future water purchase agreements and system connections in the region.

Maps:

1. Existing Regional Cooperation Map

The Existing Regional Cooperation Map identifies existing water purchase agreements between local governments and/or public service authorities in the region.
