**November 2009 Amendment to the Danville (Pittsylvania) MPO  
Transportation Improvement Program (TIP), FY 2009 – FY 2012 Regarding  
Transit Related Funding**

The following provides background on the status of projects and the funds in the Transportation Improvement Program (TIP) for Danville Transit System and then notes amendments needing to be made to the TIP to address the anticipated ARRA (Stimulus) award of funds. TIP amendment consideration is for November 30, 2009, following a public hearing.

In February 2009, the Danville Transit System submitted a capital grant application to the Virginia Department of Rail and Public Transportation and was awarded ARRA grant funding. Approved capital projects included one (1) thirty-foot replacement bus, one (1) twenty-five foot replacement bus, one (1) LED display sign, three (3) bus shelters and passenger benches. A total of \$200,000 in ARRA project funding was obligated for these capital budget items. In addition, the state awarded the Danville Transit System a Demonstration grant in the amount of \$38,000 for security improvements related to the mass transit administrative maintenance facility.

In September 2009, the Virginia Department of Rail and Public Transportation recommended additional ARRA project funding for the Danville Transit System. Related projects include ARRA operating assistance in the amount of \$45,752 and other capital improvements totaling \$653,290. Recommended capital budget items include renovation of the mass transit administrative maintenance facility, photocopier, six (6) passenger benches, two (2) bus shelters and camera surveillance equipment for twelve (12) buses.
